How to Register for GOkickball –

The emphasis for the GOkickball registration process is to keep it as simplistic as possible. The main decision for a new player registering is to determine if you want to be a "**Captain"** and start a new team, an **"Invitee"** and join a team using a team invite code from a Captain, or a "**Free Agent"** (by yourself) and we place you on a team.

After that, registration is just a few steps away from being complete. For each respective registration option, the following provides more information to register:
